Located approximately 11 kilometers to the north of Kuala Lumpur, this 100-year-old temple features idols and statues erected inside the main caves and around it. Incorporated with interior limestone formations said to be around 400 million years old, the temple is considered an important religious landmark by Hindus. Cathedral Cave – the largest and most popular cavern in Batu Caves – houses several Hindu shrines beneath its 100-metre-high arched ceiling. At the foot of Batu Hill are two other cave temples – the Art Gallery Cave and Museum Cave – which houses numerous Hindu statues and paintings.
